PROFESSIONAL EXPERIENCE

Freelancer

Feb 2023 - Present

Web Developer/App Developer

Presently, I am engaged in freelance work as a website and mobile application developer, utilizing a range of technology stacks, including React.js and React Native.

Undefined Tech

Sept 2023 - Nov 2023

React Native Intern

As a React Native intern, I contributed significantly to the creation, redesign, and maintenance of mobile applications. I played a key role in enhancing the user interface (UI) and optimizing the user experience (UX) for existing applications, while also actively participating in the implementation of diverse features.

TriconV Technologies

Dec 2022 - June 2023

Laravel Developer

Worked as a full stack developer, I was responsible for creating and maintaining websites using the Laravel and React.js framework, as well as semi-managing a team of interns.
